ALUMNI MANAGEMENT

PROBLEM STATEMENT

In many educational institutions, managing and maintaining a strong relationship with alumni is often a challenge. Without a centralized system for communication and collaboration, it becomes hard to keep alumni informed about the latest updates, events, and opportunities to engage with the institution.

OUR KEY FEATURES

- **Enhancing Campus Connections**

We create an Alumni Management System to enhance networking and connections among students and alumni.

- **Job Referral Feature**

We introduce a job referral feature allowing alumni to recommend candidates for job.

KEY FEATURES

- **Event Notification Feature**

A feature that notifies alumni about upcoming college events, providing details and timings to enhance participation from anywhere.

- **Job Board**

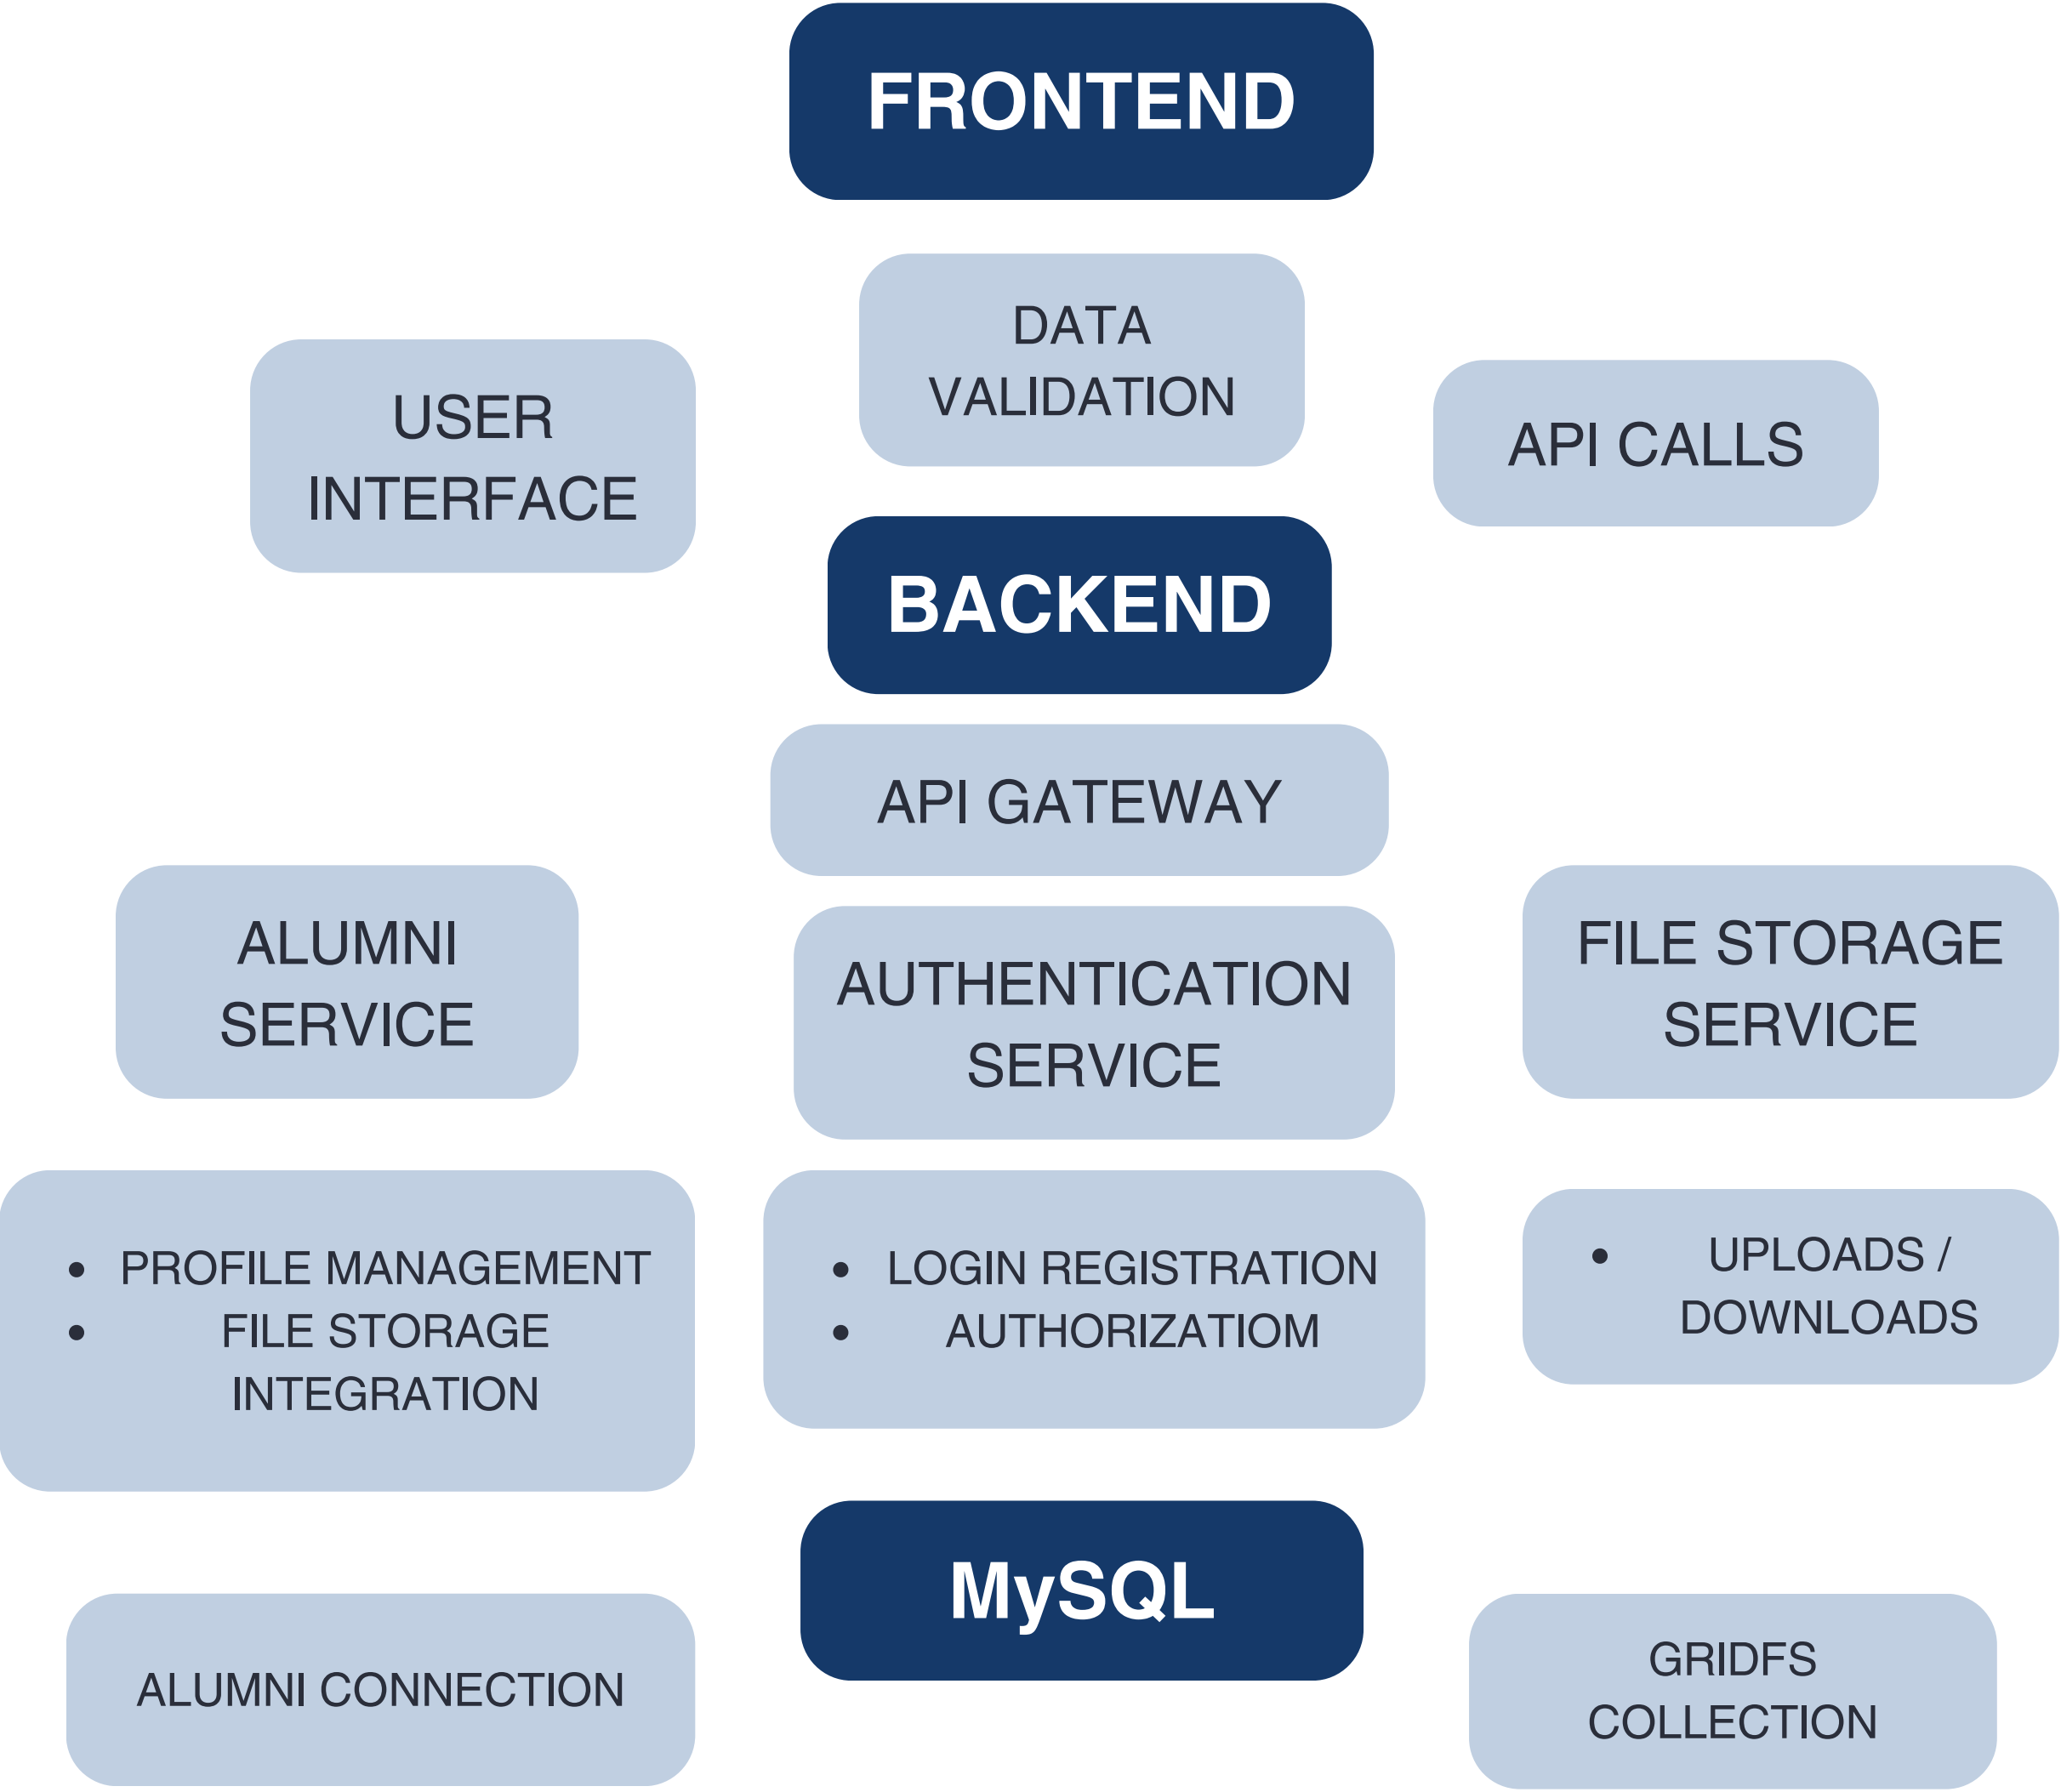

Create a job board where alumni can post job openings and search for employment opportunities. Integrate with external job boards for broader reach.

TECHNOLOGY

- Spring Boot easily build and manage our Alumni Management System with a strong and flexible framework
- Spring Security for robust authentication
- MySQL the database to ensure seamless performance and data management.
- JSP used for dynamic and responsive web pages.
 - HTML, CSS, JavaScript

PROJECT PROTOTYPE

Robust Alumni Profile Management

- **Personal Information**

Alumni can update their contact details, education, work experience, and more.

- **Interests and Preferences**

Alumni can specify their interests, career goals, and areas of expertise.

- **Privacy Settings**

Alumni have control over what information they share publicly and how they interact with others.

Powerful Alumni Search

- **Keyword Search**

Search by name, email, id, or other relevant keywords.

- **Advanced Filtering**

Narrow down your search by specifying criteria like graduation year, degree.

- **Current field Search**

Search by company name to get list of members who working in that company

EVENTS POSTING

- **Discussions and Forums**

Alumni can engage in discussions, share updates, and build connections within their groups.

- **Event Organization**

Organize and promote virtual or in-person events for alumni to connect and reminisce.

- **Event Registration**

Alumni can easily register for events and receive notifications about upcoming gatherings.

SUSTAINABLE DEVELOPMENT GOALS

- **SDG 4 – Quality Education**

Provides a platform for alumni to share knowledge, guidance, and resources with current students.

- **SDG 9 – Industry, Innovation, and Infrastructure**

Builds a digital infrastructure for networking, collaboration, and innovation among alumni and students.

- **SDG 17 – Partnerships for the Goals**

Encourages collaboration between alumni, institutions, and industry.
Creates long-term partnerships that support community and institutional growth.

THANK YOU
